PUSEN

**Single Use Suction
Access Ureteroscope**

PU400A | PU411A

World's First Certified
Single-Use Suction Access Ureteroscope

Bigger Channel + Suction = On-Table Stone Free

Expanded Deflection Angle

- Reduce intrarenal pressure (IRP) and temperature (IRT), mitigating the risks of postoperative infections and other complications
- Enhance Stone-Free Rate (SFR)
- Decrease surgical expenses

Cutting-Edge Patented Handle Design

Ergonomically designed handle for fatigue relief

Integrated Straight Working Channel

Locking valve fixation accessories, enhanced instrument linear insertability, and integrated T-valve for streamlined and effective lithotripsy

Enhanced Kink Resistance

Model	PU400A	PU411A
